RE: Letter of Support for Greater Chillicothe & Ross County Development (GCRCD)

To Whom It May Concern:

Advantage Tent Fittings is a multi-generational family held manufacturing company. We proudly manufacture a wide range of products used by multiple branches of the United States government along with first responders, tent manufacturers and tent rental companies throughout North America.

I am writing to acknowledge and recognize Mrs. Tammy Eallonardo and Greater Chillicothe & Ross County Development (GCRCD) as an invaluable economic development partner to our organization. Their strong relationships with JobsOhio, OhioSE and Fluor BWXT, as well as their knowledge of city and county services, has provided support to our company as we navigate the challenges of a post-pandemic economy. Our recent receipt of Fluor BWXT Equipment and JobsOhio grants are just one example of how GCRCD is working to support our continued growth and diversification along with other businesses in Ross County.

In sum we view GCRCD as a vital resource and look forward to a continued partnership for years to come.

Sincerely,

A handwritten signature in black ink that reads "Ben Hall".

Ben Hall
President
